

NOUVEAU CONTOUR[®]

EYEBROW CONTOURS

Our eyebrow contours training incorporates the following topics:

Which technique?

- How to choose the final result you require
- Analysing your client's facial features
- Basic factors to consider

Powdered or hair stroke eyebrows

- How to determine which is the ideal client for each procedure
- Does your client need a soft pencil or textured hair strokes look?

How to draw perfect eyebrows

- Factors to consider when determining the eyebrow shape
- The Nouveau Contour Ultimate Eyebrows Technique

Designing the correct brow profile for your client's face shape

- Facial shapes
- Understanding what brow suits a round face etc
- Lifting laterally canted eyebrows
- Eyebrow corrections
- Shape, symmetry and placement of the eyebrow

Eyebrow shapes to avoid

- How not to create unflattering eyebrows
- Shapes to stay clear of
- Characteristic expressions to avoid

Choosing the correct eyebrow colour

- Analysis of your client's skin tones
- Knowing what colours suit each individual
- Avoid unwanted pink and purple tones
- How to adjust an incorrect colour choice

The eyebrow procedure method

- Procedure set up
- The stretch technique
- The choice of needles
- The ultimate 4 flat technique
